| <input type="checkbox"/> Gastrointestinal | <input type="checkbox"/> Renal/Genitourinary |

Submit an example(s) of your POCUS programs curriculum. E.g. sample of course materials, power point slides, videos of classes, etc.

Mission Alignment

List below social causes your organization supports (if any):

Please disclose any substantiated consumer complaint, privacy violation, or legal action.

Do you agree with the following statements about your organization?

We focus on high quality standards

We believe in the power of point-of-care ultrasound (POCUS) to help advance global healthcare

We value transparency and make the information about our courses (e.g., price, curriculum) available on our website

Agreements

Guiding Principles

1. The POCUS Certification Academy will approve the PEP based on the criteria identified in this application. The POCUS Certification Academy cannot compromise quality.
2. The ultimate stakeholder of the PEP Program is the student desiring quality POCUS education. Renewal eligibility requirements and decisions will be made with the needs of students and

patients as the primary consideration.

3. The POCUS Certification Academy desires to inspire collaboration and community among PEPs for the purposes of ongoing learning and continuous quality improvement.

Benefits of Becoming a PEP

By engaging with the POCUS Certification Academy, approved POCUS Education Providers (PEPs) join an esteemed community of fellow education providers who are committed to continuous quality improvement in support of their goal to deliver quality training and education to the rapidly growing and changing point of care ultrasound field.

The POCUS Certification Academy will provide each PEP with the following:

- The names of all approved PEP's on the POCUS Certification Academy website and continually outreach to potential candidates through other marketing methods.
- Appropriate marketing materials for the PEP provider to use at their discretion within the guidelines set forth in the POCUS Education Provider Handbook.
- An anonymized report of the PEP students' certificate success rate will be sent quarterly when there are at least three or more participants that complete the POCUS Fundamentals certificate;
- A report of the website click-through-rates from the PEP customer page will be sent quarterly;
- A unique access code to access the POCUS Fundamentals course for each student name provided and paid for by the PEP provider to the POCUS Certification Academy;
- A unique discount code for POCUS Certification Academy clinical certificates and certifications for all PEP provider course attendees;
- Access to submit proposals for custom training opportunities; and
- Additional opportunities for engagement.

Yes, I affirm that the information provided in this application is complete and correct.

No, I do not wish to move forward with my PEP application.

Application and Annual Fee Requirements

Application Fee

\$350 nonrefundable fee is required for application and every 3 years at reapplication.

Annual Fee

This fee is due by January 31st of each year to maintain PEP status. \$850 annual provider fee is due upon application approval and will be prorated, if needed, upon initial application.

- Yes, I affirm that I have read the Application and Annual Fee Requirements and will abide by these requirements.
- No, I do not wish to move forward with my PEP application.

Thank you for completing your registration for the POCUS Education Provider program. Notification of your application status will be sent within 10 business days of receipt of the application and nonrefundable application fee. If you have any questions, please reach out to POCUS@Inteleos.org
